Overview and strategy

# ANZ has established a strong business foundation

---

## A clear company wide focus on our super regional strategy:

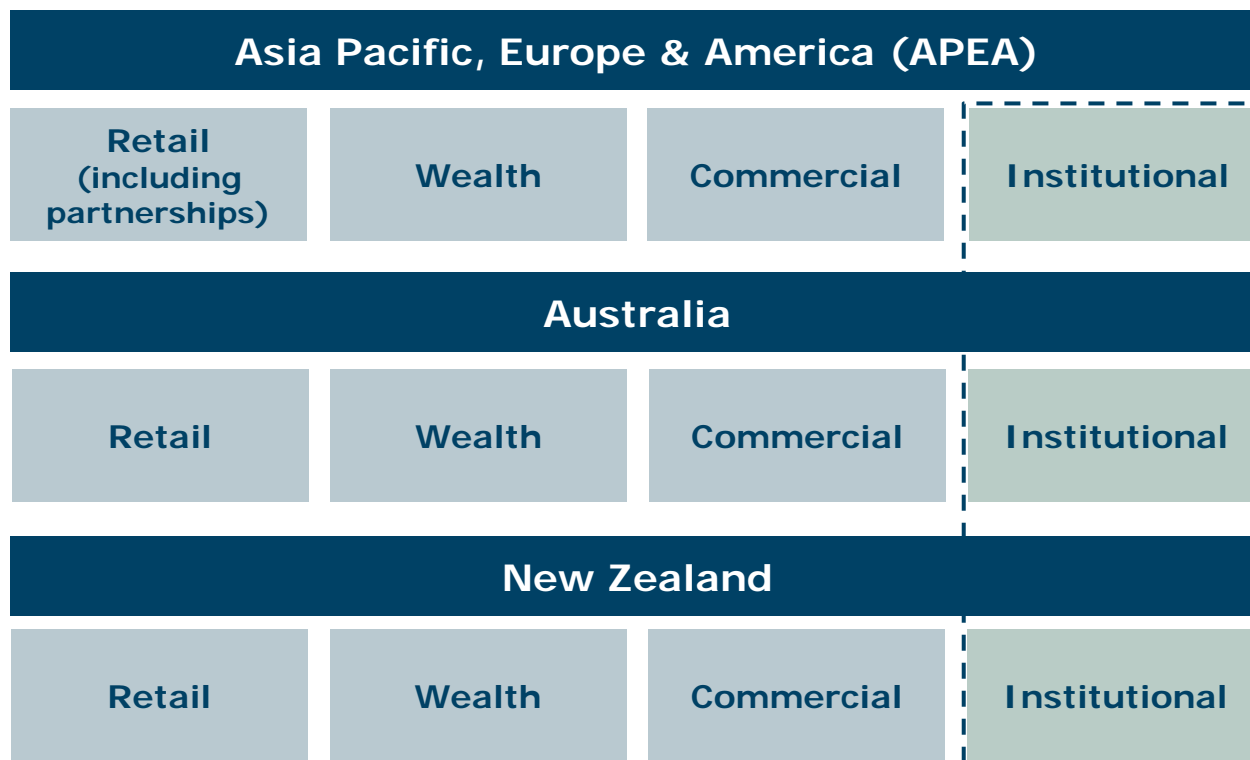

- Organised our business around three key geographies and our customers p. 4-18
- Maintaining strong businesses in our home markets:
  - Australia p. 28-48
  - New Zealand p. 76-85
- Investing for strong organic growth in Asia p. 49-60
- A redefined and clear focus in our global institutional business p. 61-75
- A strong capital and funding position p. 19-27

## Additional information:

- 2011 Financial Result p. 99-111
- Risk Management p. 86-98

# ANZ is structured by Geography & Segment

---

 Institutional is a global business

# Coherent strategy – driving competitive advantage

    FDI inward flow<sup>2</sup> (USD**b**, 2009)   
  Denotes two way merchandise trade flow<sup>3</sup> (2009)

# Super Regional connectivity provides a competitive advantage

Growth in trade flows and direct investment between Asia and Australia is tracking at 11% and 26% pa respectively

**Linked through flows of trade, capital and population**

**Key focus is to bridge gaps across the region: Asia generates surplus liquidity, Australia and NZ generate hard and soft commodities**

**42% of our Corporate\* clients depend on Asia for more than 25% of their business**

\* Represents ANZ's Australian based clients with annual turnover of \$40-400m

# Realising the full potential of Super Regional

2017  
Aspiration

**APEA sourced revenue to drive  
25% - 30% of Group profit**

**Expanded view of  
opportunity in  
APEA**

- The more mature our business, the greater our opportunities
- Increasing our footprint, customers and access to trade, liquidity and investment flows

**Domestic  
outperformance**

- Regional connectivity will deliver additional revenue into Australia, New Zealand, Asia and the Pacific

**Centres of  
Excellence**

- Hubs provide a lower and more flexible cost base – access deeper pools of talent, provide better service with lower risk

**Focussed  
technology  
investments**

- Technology roadmap focused on customer facing (e.g. internet banking, goMoney) and cross-border systems (e.g. FX, Cash Management)

# Realising the full potential of Super Regional

# ANZ has a well diversified funding profile with an increasing weighting to customer funding

## Strong Funding Composition

## Maintained low levels of short-term wholesale funding

## Well diversified term wholesale funding portfolio

\* Current at 30 September 2011

# Stable term debt issuance, portfolio costs increasing

## Stable term funding profile

## Portfolio term funding costs expected to increase further due to current market volatility

FY11 includes \$2.4bn of pre-funding from FY10  
 All numbers are at Group Level

# Total liquid assets exceed TOTAL offshore wholesale debt portfolio

## Composition of prime liquid asset portfolio (\$71.4b)

# Hedging has lessened the impact on earnings of the stronger \$A

## Earnings Composition by Region & Average Translation Rates

## EPS Impact

- Hedge profits more than halved the negative impact of AUD strength on FY11 earnings.
- FY12 hedges are in place to cover ~80% of USD (inclusive of other significant currency exposures), and ~40% of NZD exposures.
- At current levels (AUD/USD 1.04, AUD/NZD 1.30) FY12 FX expected to adversely impact FY12 EPS by ~0.3% (inclusive of hedges)
- Each 5% appreciation of the AUD would negatively impact FY12 EPS by an additional ~0.9%

Australia Division

# Australia Division – Consistent customer focus and well-established market positioning driving solid results

## 1. Delivered customer propositions targeted at key segments aligned to our Super Regional Strategy

- New banking services for affluent customers
- Improved process for NZ customers opening accounts in Australia
- Customer referral agreements with Shanghai Rural Commercial Bank (SRCB) and AmBank
- Introduced multi-lingual capabilities to more than 2,700 ATMs (9 languages)

## 2. Driving customer growth and improving productivity and efficiency

- Leveraging Super Regional advantage and franchise strength across Retail, Commercial, Wealth and Institutional
- Improving efficiency by centralising and standardising administration functions

## 3. Successful implementation of technology and innovation initiatives

- Rolled out integrated mortgage origination platform
- Expanded functionality of GoMoney for BPAY payments (~420k customers & ~26% of all online traffic)
- Launched Multi-currency Travel Card in May 11 (~55k cards sold with a value of \$220m)
- Launched OneAnswer Frontier – a 'fee for service' (commission free) investment platform
- Term Deposits now available on OneAnswer
- EasyProtect and 50+Life insurance products sold directly via anz.com and branches

## Pro forma Profit before credit & income tax

## Lending & deposit growth (YOY)

# Australia Division – Financial performance

# Australia Geography – Balance sheet and funding

## Balance sheet management strategy

- A well managed balance sheet supports sustainable lending and revenue growth
- We aim to:
  - Continually improve the composition of deposits in line with Basel 3 expectations - type, tenor and segment to fund core assets
  - Reduce the funding gap and therefore reliance on short term wholesale debt
  - Continually improve capital efficiency

## Outcome

- Loan to deposit ratio has improved to 156% in FY11 from 186% in FY08
- Improved quality of deposit base:
  - Strong proportion of deposits from Household segment (Household deposits as % total deposits up from ~39% in Sep 08 to ~41% in Sep 11)<sup>1</sup>
  - Household customer deposit growth above market rates (1.5x system for the year<sup>1</sup>)
- Market share for traditional banking products improved from 12.5% in Sep 10 to 13.0% in Sep 11<sup>2</sup>
- Net gain of 113k transaction account customers
- Launch of Term Deposits on our Wealth platform provides additional customer contact and allows customers to better manage their funds

# Australia Division – Net Interest Margin

## Margin strategy

- ANZ is focused on profitable growth in key segments using a service led approach

## Outcome

- YOY NIM down 2 bps
  - Improved asset margins and reduced reliance on wholesale funding largely offset by increased deposit competition and negative asset mix impacts
- HOH NIM down 2 bps
  - Asset repricing benefit offset by increased funding costs and price competition for deposits
  - Costs of funds impact on variable rate book pronounced in 4Q

# Identified priority sectors where we have existing strengths to build upon

## Priority Sectors

### Natural Resources

- In target sub-segments – minerals & mining, oil & gas, primary processing, primary services and commodity trading.
- Focused on capturing Australia/NZ – Asia/Pacific trade supply and demand chain flows.
- Lead bank to sector in Australia and growing Asia/Pacific franchise offering opportunity to assist both producers and consumers

### Agriculture

- Clear emphasis on customers with flows into and within the Asia Pacific region.
- Focused on providing markets, working capital and supply chain solutions.
- A particular focus on cotton, coffee, cocoa, grains and oilseeds, sugar, dairy and protein.

### Infrastructure

- Target customers and investors operating in power & utilities, roads, rail, airports, ports, water, waste and social infrastructure.
- Primary focus is to support customers in the Asia Pacific region whilst remaining dominant in Australia and New Zealand.
- Continue to position as infrastructure specialists.

## Priority Products

### Cash Management

- A leading provider of cash management and working capital solutions in Australia and NZ via ANZ Transactive, the first trans-tasman internet banking platform
- Continued build and roll-out of Asian Cash Management capability across 11 countries

### Trade

- Provides trade finance and supply chain solutions to our customers that manage risk and liquidity and support a deepening of customer relationships.
- ANZ is the leading trade and supply chain bank in Australia and NZ, delivering superior sales and service underpinned by a global proposition with teams on the ground in 28 countries.

### FX & Commodities

- Building on our strong Australian and New Zealand Corporate businesses to expand into Asian currencies and clients
- Emphasis on building a high-frequency global flow and trading Corporate and Institutional business in four hubs, and on growing our business with Financial Institutions (which account for ~90% of all global FX volumes)

# Benefits emerging through growth in priority sectors and products

## Institutional Division

### Client revenue growth FY11 vs FY10

### Growth has been achieved through:

- A global specialised relationship model offering industry expertise and a broader product proposition has seen priority sectors achieve superior growth
- Natural Resources - Asia revenues up ~40% with significant increases in Markets and Trade products
- Agribusiness - Asian revenues up ~80%, again with significant increases in Markets and Trade products
- Infrastructure - predominantly growth in Australian revenue from large domestic infrastructure projects augmented by a lift in Asian revenue momentum.
- Trade – 29% revenue growth reflects continued increase in client relationships. ANZ maintains a leading position in the Australian and New Zealand trade markets and growing presence in Asia which now represents over 50% of total trade revenue.
- Over 85% of growth in our FX business occurred in APEA due to better penetration of our client base, product diversification and a focus on Financial Institutions clients
- In Australia, our share of Australian FX turnover increased from 6.3% at the end of September to 11.8% in September (as measured by the RBA)
- The only bank offering a trans-tasman cash management platform, with Singapore and Hong Kong to be added to system the by end of 2011

# Commercial & Agri – unlocking value by bringing segments closer together

## Managing for a lower growth environment

- Disciplined management of risk, balance sheet and expenses

## Enhanced customer focus

- Unrivalled coverage, with customers having access to more relationship managers in more locations than any other bank
- Continued investment in frontline efficiency and training to enhance relationship skills
- Customer satisfaction stable in a highly competitive environment
- Supporting customers through the economic cycle via customer forums and thought leadership, e.g. Viewpoint papers; Economy in 5 courses; Better by Design partnership; Farming for Profitability sessions
- Working with customers to assist them in achieving more sustainable debt levels

## Leveraging Super Regional connectivity

- By connecting customers to our Super regional network we are differentiating ourselves in the New Zealand market, examples include:
  - Connecting a South Island Agri client to ANZ Indonesia who provided insights on the local market and assisted in facilitating new trade into Indonesia
  - Linking a commercial client to ANZ teams in Fiji and Australia and assisting expansion into new markets
  - Introducing wine production clients to the ANZ China team and help them commence distribution into the lucrative Chinese market.

## Lending Composition By Segment
