WHY IS THE CHANGE BEING MADE?

Our investment research team conducted its yearly review of the Capital Stable investment option's strategic asset allocation benchmark and ranges, and believes that in the current market environment the revised strategic asset allocation range for cash will permit the investment team to manage risks associated with fixed income investments more effectively, by allowing increased flexibility in making active cash asset allocation decisions.

WHAT DOES THE CHANGE MEAN FOR MEMBERS?

The new SAA cash range will be effective 28 October 2022. While members are not required to take any action, they may consider speaking with their financial adviser about the OnePath Capital Stable SAA change and whether the investment option still meets their financial needs and objectives.

WHAT HAS NOT CHANGED?

The following remains the same despite the change to the OnePath Capital Stable SAA range for cash:

- investment objective
- investment strategy
- benchmark SAAs
- ongoing fees and buy/sell spreads
- standard risk measure, and
